

Welcome to the Children's Ministry of St. John's Cathedral!

Begin

End Your Week with Us!

Welcome to the new season of fun activities and interactive learning at the Cathedral! Begin each week with us as we share our Christian story and make new friends!

We often think of Sunday as the end of the week, but it is really the beginning. One of our teachers said that the reason Sunday School and Church is important is to prepare our hearts and minds for the onslaught of daily life. It is the beginning of a brand new week filled with the opportunity to refresh our souls, rekindle friendships, and learn something new to help sustain us in our busy lives.

So, come begin the week with us. Take advantage of the great things we have planned for your children. And allow us to be a part of your child's Christian Formation.
